Monday 18 May 2026 – Bird and Bug Club

Join Bee expert Laurie Webb as she discusses the wonder of our indigenous solitary Bees.

South Africa has around 1200 solitary bee species, and globally they make up over 90% of all bees. They are crucial for pollination, and they are under threat.

Globally, bee abundance and diversity is diminishing. Scientists agree that habitat loss is the primary threat. Learn how you can help by installing a bee hotel.

"In the end, experts agree that insects can survive without humanity, but humanity likely can't survive without insects. They tend every square inch of living soil; they aerate and fertilize; they break down waste and organic debris. They also sit at the base of the food chain, feeding millions of animals and, by extension, us." Mongabay R20 per person (includes a cup of tea)

Friday 01 May 2026 – St Mary's Pretoria, Girls Choir

The St Mary's Singers is the auditioned Anglican High School Female Choir of St Mary's Diocesan School for Girls in Pretoria, South Africa. Comprising talented young women aged 14 to 18, the choir is renowned for its dynamic performances and exceptional vocal talent. The St Mary's Singers are not only an integral part of the school community, but also active representatives of both South Africa and the African continent in the global choral scene. Their love for music is evident in every note they sing, whether performing locally in festivals across South Africa or competing in prestigious choral competitions at both national and international levels. Their performances are a true celebration of the beauty and power of music, making them ambassadors of South African culture and African artistry.
